

*Please join us for a breakfast reception
to celebrate the launch of the*

UK Championship for Energy Savings

*at Telefónica Tech Offices, 20 Fenchurch St,
London, 29 May 2026 – 9:00 to 11:30 AM*

At COP30 the United Kingdom officially endorsed the World Championship for Energy Savings, a UN-backed energy “Olympics” rewarding the world’s best-performing buildings based on real, measured data.

Together with the Department for Energy Security and Net Zero, we will celebrate the launch of the national UK energy league, alongside highlights of best-performing buildings and practices from initiatives led by the CIBSE, CUBE UK and UKGBC.

The event is intended for leaders in buildings and energy to come together, learn about the initiative, and prepare to submit their buildings – **Registration required.**

Global Alliance
for Buildings and
Construction

Hosted by

*Telefónica Tech Offices, 20 Fenchurch St,
London, 29 May 2026 – 9:00 to 11:30 AM*
